The competitive spirit and the unbounded desire for excellence that he bequeathed to generations of students has left a legacy of honor rarely equalled by most men.

Thirty-two years is a long time to spend on a single project. Yet Miss Titus has spent this amount of time educating high school students. She has devoted herself to preparing them for useful careers and higher education. Unfortunately this is Miss Titus's last year at Hingham High School—

Where did I put that cheat sheet?

Caught in the act.

I flunked my locker cleaning exam.

The Grand March

We could've danced all night ...

Time out for Tea and crumpets

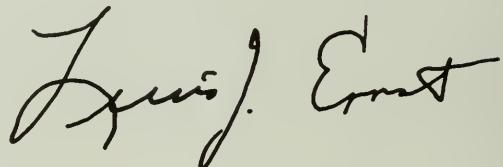

Senior Class Advisor:  
Mr. Ernest

You, members of 1968 of Hingham High School, have just completed a major step in the journey of life. To a few, the proposed destination is clearly and objectively envisioned; a goal has been set. To most of you it is an uncertain journey, an unknown and uncharted course.

To all of you; however, despite the troubled times and dim prospects of a peaceful universe, opportunity in America is still unlimited. Science and industry have opened up vast new fields of endeavor to challenge the youth of this country.

Success awaits you who make the most of your opportunities. It will depend entirely upon your willingness to make further sacrifices of time, energy, and ability; it will be great or small in direct proportion to the extent to which you freely and faithfully, employ these attributes.

To each of you my wish is that every step of your journey will be one of complete fulfillment.

Ernest J. Ernest

In one sense there is no death. The life of a soul on earth lasts beyond his departure. You will always feel that life touching yours, that voice speaking to you.

He shall grow not old, as
